Girl, come over here
Let me hold you for a little
And remember
I'll always love you
Forever more

Everything changes but you

We've said goodbye, the taxi cab is waiting
Now don't you cry, just one more kiss
Before I have to go
Hey girl I know the situation's changed (situation
changed)
And so much is new but something in my life
Remains the same cause

Everything changes but you
We're a thousand miles apart
But you know I love you
Everything changes but you
You know every single day
I'll be thinking about you

The rumour's true, you know that there've been others
What can I do, I tell you baby they don't mean a thing
Now girl don't go and throw our love away
I'll be home soon back in your arms to hear you say that

Everything changes but you
We're a thousand miles apart
But you know I love you
Everything changes but you
You know every single day
I'll be thinking about you girl

Everything changes but you
We're a thousand miles apart
But I still love you, I do
Everything changes but you
I'll spend every single day
Thinking about you

Though everything changes around us
(Baby don't you cry)
We will be the same as before forever more

Everything changes but you
We're a thousand miles apart
And I miss you baby
Everything changes but you
You know every single day
I'll be thinking about you girl

Everything changes but you
I'll be thinking about you
Thinking about you
Everything changes but you
Cause you know I love you
Know that I love you

Everything changes but you
I'll be thinkin' about you
Thinking about you
Everything changes but you
I love you, I love you
