I walk into a room, I say, "How do you do?"  
They look at me and I look back at them  
I slip into a chair, they say, "Are you prepared?"  
I said, "I do not know"

Sometimes I feel it but I can't explain  
Sometimes I need and want them through my veins

Now there's ten in front of me, asking me what do I  
see?  
I see nothing but butterflies and  
Tests I did not know, the answers will not show  
And all I see is butterflies and

Sometimes I feel it but I can't explain  
Sometimes the answer's running to my brains

And in the long run you always said, "I'll be there  
beside you"  
And in the long run you always thought, "I'll be there to  
guide you"

Sometimes I feel it but I can't explain  
Sometimes I need it like a running train  
Sometimes I feel it in my pride  
Sometimes I take it in my stride

Slow down feelings, loved up with you  
I can't feel my legs, I can't feel you  
Slow down feelings, loved up with you  
The night before an hour, too, on my back and leaving  
you  
Falling down the stairs and seen it through

Falling down feeling this, Monday morning  
I feel out of sorts but that's okay  
Dried up and dreaming, punching and screaming  
Feeling the morning through
