In (and out)  
In (and out)  
In (and out)  
In (and out) of love  
[4x]

I can make no sense of the nonsense said  
That thing that is sad and bare  
My filter's broke so I'm resigned  
To say the first thing that comes to me mind  
Chisels off the chestnut Bonaparte  
How much for a broken heart  
Came for the money  
Staying for the art  
Now be a good girl and play your part

Your precious heart  
It scared me from the start of this  
My soul in the dark  
Prepare me for the light

I'm in and out of love  
Just like anyone  
I'm in and out of love  
Can't you see  
I'm in and out of love  
Just can't get enough  
You're in and out of love  
Just like me

Time don't change things I do  
Cold and dead 'cause I'm sicker than you  
Careless now, if you care back  
Wish I could do a little better than that  
I'll admit that I'm out of my depth  
When I leave it with nothing left  
The DNA is not all mine  
It's not my fault  
It's my design

Your precious heart  
It scared me from the start of this

My soul in the dark  
Prepare me for the light

I'm in and out of love  
Just like anyone  
I'm in and out of love  
Can't you see  
I'm in and out of love  
Just can't get enough  
You're in and out of love  
Just like me

In (and out)  
In (and out)  
In (and out)  
In (and out) of love  
[2x]  
In (and out)  
In (and out) of love  
In (and out)  
In (and out)

I've been told I could if I tried  
I did not like what was implied  
So I tried, the flowers died  
I guess I'm just a short term ride  
I'll be a cameo in your dream  
A big pop hero soda stream  
How good was I on your team  
You'd like me now, I'm really clean

Your precious heart  
It scared me from the start of this  
My soul in the dark  
Prepare me for the light

I'm in and out of love  
Just like anyone  
I'm in and out of love  
Can't you see  
I'm in and out of love  
Just can't get enough  
You're in and out of love  
Just like me
