You said, I was Northern scum
I was wounded, baby
That's fighting talk where I'm from
And I'm not movin', baby

Spent my life, dancing with shadows in strobe lights
It's alright, everything mellows in sunlight

And now London's got its gimmicks
And New York's had its minute
But Knutsford City limits
I'll never change

I've been runnin' nearly all my life
It left me broken, baby
And when the meter ran out on life
I used my tokens, baby

Spent my life, dancing with shadows in strobe lights
It's alright, everything mellows in sunlight

And now London's got its gimmicks
And New York's had its minute
But Knutsford city limits
I'll never change

London's got its gimmicks
And New York's had its minute
But Knutsford city limits
Will never change

I've been runnin' nearly all my life
It left me broken, baby
And when the meter ran out on life
I used my tokens, lady

You said, I was Northern scum
I was wounded, baby
That's fighting talk where I'm from
And I'm not movin', baby

London's got its gimmicks

And New York's had its minute
But Knutsford city limits
I'll never change

I saw one transmission
On the television
Saying, I can't do my job
Well, I just kept dancin'
Don't hate me 'cause I'm handsome
And the beat will never stop

I saw one transmission
On the television
Saying, I can't do my job
Well, I just keep dancin'
Don't hate me 'cause I'm handsome
And the beat will never stop

I saw one transmission
On the television
Saying, I can't do my job
Well, I just keep dancin'
Don't hate me 'cause I'm handsome
And the beat will never stop

I saw one transmission
On the television
Saying, I can't do my job
Well, I just keep dancin'
Don't hate me 'cause I'm handsome
And the beat will never stop
