Stand by me, I've been stood by you for ages  
Stick home and carry on  
Maybe nothing's wrong  
Is it the comfort or  
This information or  
Is it the freedom that you feel  
Said I'm the angel or, liberation or  
For a second a believer  
I'm all you here  
While you're here  
Don't call it a comeback  
Look what I invented here, I thought it was easy  
They can't take it away from us, the last days of disco  
All rate of, bitter is the pill of devotion  
Read between the noise, all you disco boys  
The fascination of a boy and girl in love, for a second I  
could see that  
In the mir of all, the human animal of a creature that I  
feel  
I'm all you here  
While you're here  
Don't call it a comeback  
Look what I invented here, I thought it was easy  
They can't take it away from us, the last days of disco  
The last days of disco the last days of disco  
I'm all you here  
While you're here  
Don't call it a comeback, we'll hold an event in here  
This space is beautiful I'll decide when it is over  
So don't call it a comeback, look what I invented here  
I thought it was easy they cant take it away from us,  
The last days of disco, the last days of disco, the last  
days of disco..
