I woke up a million miles away  
All that I remember  
We broke up yesterday  
Where is all the love  
The promise we made  
I can't believe how it all fades away

I don't know  
I just don't know what to do  
Girl I never can  
No I can't stop loving you  
Tell me what is wrong  
Please recall your faith  
Don't tell me it's too late

Darling I miss you  
Every single day  
I feel so lost in this world  
I can never face a life without you  
Fantasize that you return to me  
But for now it's only a dream

Time passed by - I found another love  
In dreams I might forget you  
But for real it seems so tough  
Oh yes I'm trying hard  
To leave the past behind  
But I can't help that  
It's still burning inside

Oh I don't know  
I really don't know what to do  
I just can't live  
With this heartache about you  
Just another chance  
Is everything I need  
Forgive me how I feel

Darling I miss you  
Every night and day  
I feel so lost in this world

I can never face a life without you  
Fantasize you still belong to me  
'Cause you are still  
The answer to my dream

I wonder what is going on  
I wonder how you feel  
Tell me are you happy now  
And never think of me  
Caused another broken heart  
Or closed another door  
You're on the run forever more

Darling I miss you  
Every single day  
I feel so lost in this world  
I can never face a life without you  
Fantasize that you return to me

Oh darling I miss you (miss you so)  
Oh every night and day  
I feel so lost in this world  
I can never face a life without you  
Fantasize that you return to me  
But for now it's only a dream
