Not of this earth

Not of this earth
You've changed places with the sun
I know that you're the one
I love what we've become

Not of this earth
I wear you like a shroud
I know I'll make you proud
You've done your crying now

She's not of this earth
And I don't have the means to search
If I ever leave this world
You will have a song to sing
So that you know what you are worth

Not of this earth
She came walking down my lane
I've learned to laugh again
Like a moth to a flame

Not of this earth
Not surprised we're unashamed
She's gonna have to change her name
Then we'll know that we're the same

She's not of this earth
And I believe we've seen the worst
If I ever leave this world
You will have a song to sing
So you know what you are worth

Not of this earth
[Better get used to this]
Not of this earth
[Gonna be around for a while]

Not of this earth
[Spend too much time being cursed]

Not of this earth

Repeat

Not of this earth
