If a man can be his own fantasy
Then to only breed in captivity
Is pointless
I've been doing what I like when I like how I like it's
joyless
Only You Know Me

what a waste of war this peace
Baby steps and two more sleeps
Till I get to say sorry
I get hysterical historicals of love its just
chemicals
Give us something to stop me

Only you know me

Since you went away, my heart breaks everyday
You don't know cause you're not there
You simply found the words to make all
modern feelings fade away

Only You Know Me

I'm doing' fine
And the sun often shines
What are you thinking?
I done bruised up my mind with this
Thunderbird wine
Baby I'm drinking

Only You Know Me

Since you went away, my heart breaks everyday
You don't know cause you're not there
You simply found the words to make all
modern feelings fade away

Only You Know Me
Only You Know Me

Since you went away, my heart breaks everyday
You don't know cause you're not there

You simply found the words to make all
modern feelings fade away
Only You Know Me
Only You Know Me

Only you (only you)
Only you (only you)
Only You
only you know Me

All the way

Waiting for you all my life
Waiting for you all my life
Waiting for you

Waiting for you all my life
Waiting for you all my life
Waiting for you
