Don't fight the feelin', relax
Oh child, the knots in your back
'Cause, you've been holdin' on
I feel you when you're reachin' out

I'll talk you through memories
Just keep breathin' with me
It's time to hold my hand
And walk into the revolution

And there's no one to touch
And you've been thinkin' too much
You only hurt yourself
When it's all about retribution

I see the pain in your face
I'm payin' rent for this space
It's time to lead you on
Come on, it's a revolution

When you can't keep on keepin' on
And everything you lean upon is, oh but gone
Everybody falls sometimes but love shines on
And on and on and

With love in your eyes
And a flame in your heart
You're gonna find yourself some resolution

A million miles with one step
And you'll find yourself yet
Walkin' with the revolution

Get it on, get it on, get it on, get it on
With the revolution
Talkin' 'bout a revolution
Get it on, get it on, get it on, get it on
With the revolution
Walkin' with the revolution
Get it on, get it on, get it on, get it on
With the revolution
Takin' you higher

Oh, our love lingers on
You're just feelin' let down
I know you're tired
But when it's time to sleep, you're gone forever

Make friends with your past
Then you can leave it at last
It's time to find yourself
Walkin' with the revolution

When you can't keep on keepin' on
And everything you lean upon is, oh but gone
Everybody hurts sometimes but love shines on
And on and on and

Time and tides' on your side
There's no need to hide
I feel your pain
Don't talk to me about evolution

A million miles with one step
And you'll find yourself yet
When you're walkin' with the revolution
Walkin' with the revolution

A million miles with one step
And you'll find yourself yet
When you're walkin' with the revolution

Get it on, get it on, get it on, get it on
With the revolution
Walkin' with a revolution
Get it on, get it on, get it on, get it on
With the revolution
Keep walkin' with the revolution

Get it on, get it on, get it on, get it on
With the revolution
Get it on
It's all about resolution
Talkin' 'bout the revolution
Get it on, get it on, get it on, get it on
With the revolution

Revolution
Get it on, get it on, get it on, get it on
With the revolution
Talkin' 'bout the revolution
Get it on, get it on, get it on, get it on
With the revolution

Here's your own, to the revolution

Revolution

Get it on, get it on, get it on, get it on

With the revolution

Talkin' 'bout a revolution, baby

Get it on, get it on, get it on, get it on

With the revolution

Here's your own, to the revolution

Get it on, get it on, get it on, get it on

With the revolution

With the revolution

Revolution yeah, revolution yeah

Get it on, get it on, get it on, get it on

With the revolution

Here's your own, to the revolution

Get it on, get it on, get it on, get it on

With the revolution

Get it on, get it on, get it on, get it on

With the revolution

Get it on, get it on
