---

[Girl]  
Somewhere, maybe not distant  
I'll be Yours

[Man]  
I cannot sleep  
I cannot sleep

[Girl]  
And You'll be mine

[Man]  
Trust me

[Robbie]  
You took a bad time  
I think I have time to spare  
You know you want it  
You know you're nearly there  
???  
For some much better to you

Don't look the places about  
The nature of the beasts  
Something I got  
Why I was in the East  
I'm not ugly  
But I know I look better with you

[Girl]  
Somewhere, maybe not distant...
