Sleep sleep feel the deep get
Away from the death of it all
Don't you wanna see what
You could have won.

Bittersweet your defeat baby
I'm much sicker than you
All you are is colours
And your colours run.

Isn't it genius that you can't deny
You just keep on doing harm
Could only see the sense in being superblind
And just keep on keeping on.

I can't help thinkin' 'bout me
Put a thought in for me
I'm the genius behind me
Maybe I shouldn't have said it.

And here in the century
What will they think
When they think about me.

Here it is, what a lie say
A prayer for the way it should be
We are people that don't believe
Wish your mother wouldn't bother
Won't she just stay out of your mind
Why should they stay when you make them leave.

Isn't it genius that you can't deny
You just keep on doing harm
Could only see the sense in being superblind
And just keep on keeping on.

I can't help thinkin' 'bout me
Put a thought in for me
I'm the genius behind me
Maybe I shouldn't have said it.

And here in the century

What will they think
When they think about me.

I can't help thinkin' 'bout me
Won't you put a prayer in for me
You can talk and think about me.

It's like these rocks know when we're dancing
We can pray our way out of this'
You're like a new wave old romantic
Try to break our heart but get stuck on it.

When you're superblind
Keep you out of mind
'Cause we all know
And we don't care.
