standin on the edge of forever
at the start of whatever
shouting love at the world
laughing we were like cavemen
but we met the moon and the stars
then we forgave them

we will meet yiu where the lights are
the defenders of the faith we are
where the thunder turns around
they'll run so hard we'll tear the ground
away

you know no-one dies in these love
drowned eyes
through our love drowned eyes
we'll watch you sleep tonight

although no-one understood
we were holding back the flood
learning how to dance the rain
we were holding back the flood
they said we'd never dance again

breathin' but none of us leavin'
wash your mouth son or you'll find
yourself floatin' home
here we come now on a dark star
seeing demons not what we are
tiny minds snd eager hands will try to
strike
but now we'll last the day

there's progress now where there once
was not
where there once was not
then everthing came along

although no-one understood
we were holding back the flood
learning how to dance the rain
there was more of them than us

now they'll never dance again
although no-one understood
there was more of them than us
learning how to dance the rain
we were holding back the flood
they said we'd never dance again

we will meet you there the lights are
the defenders of the faith we are
when the thunder turns around
they'll run so hard we'll tear the ground
away

although no-one understood
there was more of them than us
learning how to dance the rain
there was more of them than us
now they'll never dance again
noe we'll never dance again
