Deep down I went day by day  
To find the one inside  
Life became a stranger  
Locked behind the fright  
But you're the one I'm searching for  
You can stop my fall  
Take me back to better times  
Those I might recall

Love is the only thing  
The only thing I need  
Open up the haze  
Blow the magic breeze

Just one minute of your life  
Heals the wound inside  
Takes me out of nowhere  
Solves the questions in my heart  
That tore me all apart  
And set me free  
'Cause time won't let me be

Will I ever live my dreams  
If no one seems to hear  
Voices of a strange and  
Undeniable fear  
It's hard to take those magic steps  
When everyone demands  
I can't go on like this  
I have to take a chance

You are the only one  
The only one I need  
Open up the haze  
Blow the magic breeze

I keep hiding in disguise  
All my life thru' different eyes  
Tell me what it takes  
Till you believe in me  
'Cause I believe in you
