Please don't forget me - baby - baby
Just feel what I feel - baby - maybe
There's still a chance for us
Still I would live and die for you

You can't deny it - alright - alright
We both know my key fits - all night - alright
In my dreams I'm always making love to you
Right now it's just the only thing I wanna do

Woohoo - love takes me higher
Woohoo - sets me on fire
I can give you all that love can buy
So take me home tonight

I still remember - lovin' - kissin'
Girl you're the answer to all I'm missin'
I just can't find my way
It's all so senseless without you

I can't stand we're separate - baby - baby
Makes me so desperate - baby just take me
Ooh 'cause I'm still singing all my songs for you
Right now it's just the only thing I can do

Woohoo - love takes me higher
Woohoo - sets me on fire
I can give you all that love can buy
So lose the other guy

Woohoo - love takes me higher
Woohoo - sets me on fire
I can give you all that love can buy
So lose the other guy
Who's the other guy

Woohoo - love takes me higher
Woohoo - sets me on fire
I can give you all that love can buy
So take me home tonight
Tonight - tonight - tonight - tonight
