Like brother and sister
Black Sean and white Sue
Two kids in friendship so true
But daddy main mister said
It had to be through
Because her friend ain't no good

Why don't her buddy qualify
Oh she doesn't understand
The hate in daddy's eyes
She doesn't care - world
If he's yellow - black or white
Her only hope
Is her wish deep inside

Santa is coming
Through spaces of war
Bringing the present
We're all waiting for
Love and believing
Will knock on our door
Giving us people
A much better world
He's our only friend
He's megaman

Hey suckers of system
I'm talking to you
Why don't you see what you do
You tell your children
Being different ain't good
What is this curse on you

Why are you spreading
All these lies
Is it just another war
Inside you can't defy
I'm telling you - world
Can you open up your eyes
Why can't you be
Like you're at Christmas time

[Chorus]

Santa is coming
Through spaces of war
Bringing the present
We're all waiting for
Love and believing
Will knock on our door
Giving us people
A much better world
He's our only friend
He's our only friend
He's our only friend
Our only friend
Try to understand
We're megamen
