It's been so long ago
Since you waved my love goodbye
With sadness in your eyes
You left me wondering why
Yes I was hurt before
But it never felt so strong
Now I face the world so wrong
Without you I can't go on

It's just the way I feel
I know we're meant to be
I'm praying day and night
Why can't you see

Over and over again
I feel the pain in my heart
Can we make a brand new start
Over and over again
I keep on loving you
There's no end

These times without you
Turned my life into hell
Everyone can see
But no one can help
I did the best I could
To get you out of my mind
To prove I'm not that blind
But I just couldn't lie

Love is all I feel
I know we're meant to be
Don't waste our time too long
Angel, angel come with me
