Robert Bradley
"Trouble Brother"

Trouble brother
You know it's got no color man
Trouble brother
You know it's one to another

Trouble known all over the world
Trouble made for every boy and girl
Trouble known all over the sea
Trouble made for you and me

Trouble brother
You know it's got no color man
Trouble brother
You know it's one to another

Trouble made for the average youth
Trouble made for those young inside too
Trouble known high and low
Trouble made for in and out the door

Trouble brother
You know it's got no color man
Trouble brother
You know, one to another

Down in the White House
Down in the poor house, down on the street
Where the folks meet, on the TV, look at me
Everywhere I go, trouble I know

Trouble brother
You know it's got no color man
Trouble brother
You know it's got no color man

Trouble known all over the world
Trouble made for every boy and girl
Trouble known all over the sea
Trouble made for you and me

Trouble brother
You know it's got no color man

Trouble brother
You know it's got no color man

Down on the corner, if you wanna
Down in the town, I gotta get on down
Carry my gun, my papa's son
Trouble brother got no color

In the White House, in the poor house
On the street where folks meet
Got no color man, trouble brother
Got no color man

Down on the street, where folks meet
On the corner, baby if you wanna
I gotta get on down, I gotta get on down
