Sometimes I get the feeling
It's more than I can stand
It's when you pass this way

It's an emotion
That grows within
That takes my breath away...

Great wheels of fire
Turbo's burning
Crowds are cheering
People leering

Colors of rainbows
Keep on flashing
Just a glance give
Me a chance too...

The curves you pass
Leave me breathless
Now you're at top speed

And I'll always remember
A style you made
Your class you let me see...

Now you're only a memory
Thoughts that come from a far
Now you're somewhere driving
In your shiny red car...

Keep on driving
Number twenty-seven

Someone to come and wake me
And take away this dream
Bring me back to reality
Of driving the Grand Prix...

Four wheels on fire
Turbo's churning
Crowds are cheering

People leering

Colors of rainbows
Keep on passing
Just a glance
I'll take my chance on you...

The waving flags
Mean the ending
But you kept your speed

And I'll always remember
The style you made
The class you let me see...

Now you're only a memory
Thoughts that come from a far
Now you're somewhere driving
In your shiny red car...

Keep on driving
Number twenty-seven
