Lyrics:

Generation X

Where'd you get that vibration

Did you buy it from a dealer,

Did you get it from a healer,

Or did you steal it from my imagination

Well you can take what you need

Tabitha it's not me;

It comes from the well-spring swing

Ask the girl in the green tee

Why else she'd want to keep it

'Til her dying day

I got a fever from believing

Slow down

Got a head full of fire

Rebound

Can't fight with desire

Slow down

I guess I'm going to get, get

Low down

Where'd you get that vibe?

Tabitha's got the hollywood smile

Thinks that smile's gonna take her

To the Nile River to deliver

A vibration high as the sky is wide

She just bought a black Cadillac, well

Freedom is believin' you can never look back

To the vibe

Whether strong whether weak

Whether low

Where it takes you

You can never go

So fine, so fine

Oh, yes it is, lord

So fine, so fine
So fine I blew my mind
So fine, so fine

Generation X
When you meet your maker
Will you ask for a list
Of the one of the two
Of the three of the four
Vibrations
You can add to your fix

And Tabitha Blue
Will you ever be alive?
Spent your life chasin' after
Other people's vibes
Stuck with the dealer
Or lost with the healer
Will you make it to
Your dying day?
