I can look back now at all the years  
I paid my dues  
Every broken heart, every dead end  
All those blues

It don't matter now  
The tears I've waded through  
I can laugh out loud  
I ended up with you

I can laugh out loud  
I ended up with you

I can laugh out loud  
At all the times I failed the test  
Lost someone  
And came out second best

I can see now  
I had to learn a thing or two  
I was practicing then  
To get it right for you

Ohh, I can laugh out loud

Life and love  
Ain't it a mystery

This road I've struggled down  
Has thrown some curves at me

Who would have guessed  
The grand-prize would be mine?

This late in the game  
This far down the line?

I can look back now at all the years  
I paid my dues  
Every broken heart, every dead-end  
All those blues

It don't matter now  
The tears I've waded through

Ohh, I can laugh out loud  
I ended up with you

I can laugh out loud  
I ended up with you

Ohh, I can laugh out loud  
I ended up with you

I can laugh out loud  
I ended up with you
