Went to my doctor, my doctor said  
It's a wonder you ain't dead  
The sickness you got I can't cure  
Getting over, it is up to you

You've been living in the twilight zone  
Since your woman left you all alone

You've got the love sickness in your blood  
You've got the love sickness in your blood

Listen, son, everybody knows  
Since she left you ain't the same no more  
Pull yourself together before it's too late  
'Cause you headed for the judgment day

Walking around, it's a crying shame  
You don't even know your mother's name

You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood

Let me give you some good advice  
From a man who had eleven wives  
When a woman don't want you no more  
Best thing to do is let her go

Go and find yourself someone new  
'Fore this thing gets a hold of you

You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood

You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood  
You've got the love sickness in your blood

You've got the love sickness in your blood
