Out on the road

Late at night

The highway is so inviting

Since you said that we were through

I remember what you told me

I'm trying to drive away these blues

I can do a lot of things

But let me tell you girl

I can't make it by myself, in this great big world

The price I pay for loving you

Deep in my mind

I'm trying to fight

This lonely feeling that I face tonight

Never thought I would lose

I can't shake this awful feeling

I'll never stop loving you

I can do a lot fo things

But let me tell you girl

I can't make it by myself in this great big world

The price I pay for loving you

Do I love her anymore

Or is it loneliness that I feel

Do our hearts still beat as one

Or are we held together by the years

The price I pay for loving you

I'm goin' home

It's started rainin'

Got to find a phone, hope that she's waiting

Gonna say I've been a fool

Put my head back on my shoulder

Take a little time and see things through

I can do a lot fo things

But let me tell you girl

That I can't make it by myself in this great big world

Oh what a price I pay for loving you

The price I pay for loving you

There's a lot of things in this world

I've yet to learn

There's a whole lot of things
