Since my baby left me, never said a word
Was it something I done, something that she heard?
My baby left me, my baby left me
My baby even left me, hey, and never said a word

Now I stand at my window, wring my hands and cry
I hate to lose that woman, hate to say goodbye
You know, she left me, yes, she left me
My baby even left me, hey, and never said a word

Play it blues, boy

Baby, one of these mornings, Lord, it won't be long
You'll look for me and baby, your daddy will won't call
you
You know she left me, my baby left me
My baby even left me, hey, and never said goodbye

Now I stand at my window, wring my hands and moan
All I know is that the one I love is gone
My baby left me, you know, she left me
My baby even left me, hey, and never said a word
Yes, since my baby left me, hey, and never said a word
