Love is a flame
a devils thing
a violent storm
about to be born
Just look in these eyes
see all the lies
all these things you see
you cannot deny

And this flame
that burns inside
if you get too close
burn you alive
just look in these eyes
and see if they lie
all these words I speak
you cannot deny

Got a light
it shines on me
a gentle light
it will never be
see the flame in my hand
If you play with fire
you're playin' in hell

CHORUS:
Devil's Plaything in my hand
if you don't want pain
you don't understand
Got a light
shines on me
If you want to touch flames
come unto me

Got a flame
burns inside
if you don't want to burn
just walk on by
all this pain
you're feelin' now

is nothing compared
to the pleasure I hide

repeat CHORUS

OH OH OH OH
OH OH OH OH
OH OH OH OH
OH OH OH OH

Got a flame in my hand
if you dont want a fire
step out of my light
walk on by
just look away
'cause if you're on my path
you're better of dead

repeat CHORUS
