Stoneface  
Tears don't fall  
Who gives a fuck?  
Sometimes you wanna give your life away  
But once you give it, you can never get it back intact

And no one knows  
'cause no one cares  
And no one shows  
'cause no one dares  
No one dares  
No one dares  
No one dares

Black angel  
Falling feathers  
Stare long into the mouth of abandonment  
The trip down is a long one  
It seems the harder you try to hold something in your  
arms  
The quicker it dies

And no one knows  
'cause no one cares  
And no one shows  
'cause no one dares  
No one dares  
No one dares  
No one dares
