You're forever blinding guile
You're forever stained
You're forever netherbound
You're forever slaked

And the world is ours
Let the others die
And we shine immortal
We can touch the skies
'Cause we're netherbound
'Cause we're netherbound

You're forever discontent
You're forever stamped
You're forever malevol
Paradise regained

And the world is ours
Let the others die
And we shine eternal
We have touched the skies
'Cause we're netherbound
'Cause we're netherbound

'Cause we're netherbound
'Cause we're netherbound
We are netherbound
We are netherbound
We are netherbound
We are netherbound
