I want to crawl inside your soul  
Nestle in your brain  
Stand you on your head  
Crouch you on all fours

Oh I will walk among your dreams  
When you think you are asleep  
The invitation of your mind  
Beckons me to your sin

All the things that you say and feel

For I will be inside your speech  
Say the words you must not say  
For I will lurk inside your heart  
If you can take it and survive

As it must ever be  
Oppression  
It's ever been  
Through my oppressive black sleeping  
It has always been  
Possession  
As it must always be

All the things that you say and feel  
Become  
Possession - riding  
Possession - riding you hard  
Possession - riding you on yea

And I will worm inside your skull  
Make you beg to be my whore  
Do my bidding day and night  
If you can take it and survive

As it must ever be  
Oppression  
It's ever been  
Through my oppressive black sleeping  
It has always been  
Possession

As it must always be

All the things that you say and feel

Become

Possession - riding

Possession - riding you hard

Possession - riding onto you

Possession - riding

Possession - riding you hard

Possession - riding you on yea
