(Shorten/Bobb)

Do you have a vision?
Do you have a goal?
I'm watching you shrugging your shoulders
Telling me you just don't know
Do you get emotional?
Is there something you're passionate about?
I can tell that you're still searching
Still trying to work it all out
It takes time...take your time
You will know when it feels right

Chorus

Where you gonna be in ten years time
Will you be happy with the way you've been living your
life?
Will you be alright?
Cos when you're looking back to now on the years gone
by
Will there be something that you say
that you should have done right in your life?

What would you fight for?
For what do you stand?
How will you go about it?
Do you have a master plan?
What are your demons?
How much for your soul?
Have you found religion...and gone down that road?
I guess we all need something to believe
Times haven't changed...that's how its gotta be

Repeat chorus

Are you a dreamer?
Tell me all your dreams
Can you say honestly what you want to be
What you do when your back's against the wall?
Would you stand on your two feet?
Would you admit defeat?
These are the times you nee to be strong

Don't you know?
Don't you know that it's hard
Have you learned to find a way?
You gotta find a way to carry on

Repeat chorus twice

Where you gonna be in ten years time?
Will you be all right?
Tell me will you get it right?
Get it right
Where you gonna to be in ten years time?
Will you be happy with the way that you're living your
life?
Do you feel you'll be alright?
Be alright
