You can gamble everything on a feeling youâ€™ll win every time

[We do Charanga all day time and night time; we got Charanga the rest of our lives]

Youâ€™ll find that Charanga leaves you really like a case of wine

[We do Charanga all day time and night time; we got Charanga the rest of our lives]

Charanga, Charanga, Charanga, Charanga, Charanga,
Charanga, Charanga, Charanga

[Ay, Charanga, dance the night away]

Girl, youâ€™re such a sexy thing; girl, you make my spirit sing

And your close proximity, oh, and itâ€™s effecting me

[Ay, Charanga, come on, yeah]

I can feel its rhythm swing, mmm, with no encouraging

And your sensuality, mmm, it overpowers me

Do something thatâ€™ll make her feel real good

[Convinced of that Charanga feel now]

Say something thatâ€™ll make her smile

[A little bit closer]

Say something thatâ€™ll make you understood

[Letâ€™s groove on this all night party]

Do something with a little style

[As much as the law allows]

Charanga, Charanga, Charanga, Charanga, Charanga,
Charanga, Charanga, Charanga

Throw your caution into the wind and let it fly

[Charanga] [repeatedly]

Come on, let your worries all disappear

[Charanga] [repeatedly]

Take a chance and let the wheel spin at your bet right

[Charanga] [repeatedly]

Donâ€™t you wish this night would go on for years?

[Charanga] [repeatedly]

Throw your caution into the wind and let it fly

[Convinced of that Charanga feel now; a little bit closer]
Come on, let your worries all disappear
