Take a gamble with your heart
Take a chance on happiness
Odds are on your better half
You'll be glad you placed the bet

Think it over, what's to lose?
All the odds are in your favor
Play your cards right, no excuse
You know life is what you make it

Scared to move, in case you get shortchanged
But nothing venture, baby, nothing gained

Take a gamble with your heart
Take a chance on happiness
Toss a coin or turn a card
Time to give those blues a rest

Play for keeps, bet your life
I see loving in your future
You'll never know if you don't try
Missionary or Kamasutra?

If there's room for you to improve
There's only one thing left for you to do

Take a gamble with your heart
Take a chance on happiness
Take the plunge, leap in the dark
Put your instincts to the test

Take a gamble with your heart
Take a chance on happiness
Turn or leave me, coming start
Find out what you like the best

Take a gamble with your heart
Take a chance on happiness
