Who could tell just what might happen ?  
Sometimes you're gonna feel a shock.  
You got your carbonet - you think you're laughin'  
It may hit you like a ton of rock.

You see your life in detail  
Such a close-up view  
From another angle  
Like another you

It's that feelin' again  
Do you remember when ?  
You were so confused  
You knew ever y thing

You thought that happiness was automatic  
That you were livin' in MEAN time

It's that feelin' again  
Do you remember when ?  
You had it all sown-up  
And then you call a friend

A, like a life in detail  
Such a close-up view  
Like a mirrored image  
Of another you

{Instrumental interlude}

You were after Mr. Energenic  
Now you wonder why you feel so alone  
That you're under anesthetic  
Makes you wonder where you're comin' from

It's like the feelin' again  
Do you remember when ?  
You were so convinced  
You knew everything

Like a life in detail  
Such a close-up view

From another angle  
Like another you.
