I was waiting for you  
I was sat in the sun  
I could picture your face on the tip of my tongue  
I woke up laughing  
I broke into a sweat  
I broke into a run  
You were hot in my heels so I hired a gun  
I woke up laughing  
I was flat on my back  
I was taking a plunge  
It was making a stand but my plan was undone  
I woke up laughing  
Well I planned an escape for the middle of june  
But I drug too fast and I fire too soon  
I woke up laughing  
Woke up laughing

You make yourself a fortune, out in hong kong  
You sit at home and wonder whether you were wrong  
You take a small vacation just to keep sane  
You find on your return your home has blown away  
You meditate, you make haste  
You run a risk, you come late,  
You pay a bill, you lose face  
Youre not fully unaware  
Your star or your fate  
If you fall do you break  
You go to war, you make love  
You sign out in a box
