Has there ever come a time when you feel real nice
And you want to let someone know that you really
appreciate them?
All you have to do is just moan a little bit for me
It goes something like this
Ooh, ooh, ooh, ooh

You see no time for wasting baby
We're gone all through those moves
I'm offering satisfaction darling
Girl I'm giving you all my love

See here, anytime is the right time baby
Come on and take my heart
It's all yours if you want it baby
My heart is tearing all apart

I say ooh
(You can have it)
Yeah, if you want it
(If you want it)
Come and get it baby
But if you want it
(You can have it)
Come and get it girl yeah
(If you want it)
Yeah, yeah

See darling , there's no time for wasting baby
Come on please make up your mind
Good loving is so pleasing baby
Girl I'm giving you all my time

You can have it if you want it
Just come and get it and baby it's yours yeah
I've got it to give it, if you want it
And I know that you're gonna love it, just come on girl

Oh, oh I knew you'd like it
Oh baby you got me saying something like
Ooh, ooh, listen now

One night while I was sleeping baby
Had a dream of you and I
Found myself asking you baby
Take my hand and be my wife

There's no time for wasting baby
Because we've gone all through those moves
'Cause I'm offering satisfaction darling
Girl I'm giving you all my love

(You can have it)
Yeah, if you want it
(If you want it)
Oh yeah, yeah
(You can have it)
You baby, you really want my loving
(If you want it)
It's all yours baby

(You can have it)
You can have it any time of the day
(If you want it)
Don't matter what place it is, you can get it baby
(You can have it)
Oh yeah come on girl and get it
(If you want it)
If you want it, you can have it don't you know that

(You can have it)
'Cause I will make you feel alright
(If you want it)
Oh baby can't you tell that I need
(You can have it)
Come on baby, come on baby
(If you want it)
Oh yeah, yeah

(You can have it)
Come on darling, satisfaction guaranteed
(If you want it)
Oh yeah baby
(You can have it)
Like you Marvin huh
(If you want it)
Oh you're such a pretty little girl baby
(You can have it)
(If you want it)
