Robert Pattinson:

Life is a stage in witch we all play, and the world is a symphony, sarcastic lost.

Like to be a part of the global games.  
But I left behind chokin? on the dust, chokin? on the dust, chokin? on the dust.

Chokin? on the dust (x2)

Joe Hastings/Oliver Irving:

Life is a stage in witch we all play, and the world is a symphony, sarcastic lost.

Like to be a part of the global games.  
But I left behind chokin? on the dust, chokin? on the dust, chokin? on the dust.

Chokin? on the dust (x4)
