i was broke  
I was tied but now unbound  
My head is off the ground  
For a long time I was so weary  
Tired of the sound, I've heard before  
The gnawing of the night time at the door  
Haunted by the things I've made  
Stuck between the burning light and the dusty shade

Said I used to think the past was dead and gone  
But I was wrong, so wrong  
Whatever makes you blind must make you strong,  
make you strong  
In my time I've melted into many forms  
From the day that I was born, I know that there is no  
place to hide  
Stuck between the burning shade and the fading light

I was broken for a long time  
But it's over now  
Said I was broken for a long time  
But it's over now

Yes and you,  
yeah well you walk these lonely streets that people  
send, people send  
There are some wounds that just can't mend

And I do pretend  
Now I'm free from all the things that take my friends  
And I will stand here till the end  
Now I know I can take the moon  
Stuck between the burning shade and the faded light

And I was broken for a long time  
But it's over now, it's over now  
Mm it's over now, now, now  
It's over now, it's over now.  
It's over now, now

Said I was broken for a long time  
But it's over, but it's over

But it's over, but it's over  
But it's over, but it's over  
But it's over now, now, now, now  
But it's over, love is over  
But it's over now  
But it's over, love is over  
But it's over now, now, now  
I was broken for a long time yeah  
But it's over, but it's over now yeah  
Over now, it's all over, it's over now.
