I beg to forget you  
And everything we've done  
Used to keep me up at night  
And do see that I'm sorry  
I didn't think that you'd  
Ever want to be this close to me  
And now that it's late  
Please understand  
That I'm not too close to what you were hoping for  
Mistakes have misled you  
So what are you waiting for

I didn't think you'd be like this  
Think you're right but you're so wrong  
Just try to understand  
I can't hold on to this  
For long  
Take the time to see if my  
Fists would lock on yours tonight

Living down the days you have  
Why do you think you got  
Through those desperate nights  
They were way too late  
Forget the bitter taste in your mouth  
Wash it out down with blood  
The lines across your face destroy these  
Goodbye  
Your eyes

Never say things have changed  
Yes they have  
It's not the same
