20 hours deep
Oh it was enough time to see that everything has
changed for me

So much for birthday wishes
I've been too busy with that memory to meet
I don't think i'll get over it
To be honest i can't see how this could be fit
Im so alone but you seem to be just fine

(chorus)
Don't ask me
To think good intentions will change everything
This could be the last day that i hold my breath and
stay away for you

20 hours deep
Oh it was enough time for you to change everything for
me

20 hours deep
Im drowning myself with thoughts of you and your
company
Tell me how this is fair

(chorus)
Don't ask me
To good intentions will change everything
This could be the last day that i hold my breath and
stay away for you

Stay away
Stay away

Don't ask me
To good intentions will change everything
This could be the last day that i hold my breath and
wait for you

Don't ask me
Good intentions wont change anything

This could be the last day that i hold my breath and
wait for you

Stay away

Good intentions wont change anything

Stay away

This could be the last day that i hold my breath and
wait for you

Yeah i hold my breath and wait or you
