Do you want to dance

I want this stupid week to end  
I'd rather hang out with my friends  
Crazy people along the street are yellin at me  
so much there is to deal with  
I should charge a fee  
Tonight I wanna dance  
And I need to be free  
I want my girls to come with me

Chorus:

Meet me tonight at the star club  
Where we can get in for free  
If they give you some flak at the front door  
Just tell them that you're with me

I know I'm such a lucky girl  
I love my life and all the world  
All the bad emotions that stop my energy  
That's when I know that I got to go

So when you know  
You're being lame  
You wanna get in on the game  
When you can hear the disco beat  
As clear as a bell  
It's time to rock that funky body  
Out of it's shell  
So drop by name with the doorman  
His name is Montell  
And he'll make sure you're treated well

x 2

Chorus x 7

Dance the night away  
Before I get too old  
And feel the music head to toe

Chorus

Love to the Rhythm  
Love to the Rhyme  
Love to my girlies  
All of the time  
Love to the DJ  
Love to the Band  
Love to the people  
At the hot dog stand  
Love to the people that know  
They've been clubbing  
Love to the people that need a little loving  
Grace to the people of the world in need  
Come an' shake your booty if you wanna be free  
Chorus
