"take it or leave it" were the words you chose over mine
So much reminds me of you
And i miss your smile.
10:01 and this night is gone
I spent it I'll while the world moves on
If time alone was the brushed that paints
With solace and misfortunate
My life would be a work of art.
But ive seen this all before
Things shouldn't have gone this far
We shouldn't have gotten so close
For what made me believe
Was this the girl who made him forget all he's known
Everytime he looked into her eyes
Was it the boy who decided to give up his heart and run
away
Today is gone
Tomorrow's mine but im still alone (breath deep)
Im still alone (keep breathing)
Im still alone (keep singing)
Im still alone
Im still alone (keep breathing)
Im still alone without you
Bleeding out so much more
Spilling blood since you left
If i had a second chance I'd live my life waiting to death
So i walked to the store
Spent a buck fifty in quarters
To buy the ring you said you liked
Cuz im thinking of you now
Now i drive to the coast
The place where i drowned all my fears
Let the water set me free
Im screaming, can't you hear?
Or is this the end of everything i love
Or are we destined for more?
Why can't you look me in the eyes and tell me what you
want to
I know you want to.. so bad.. so bad
But ive seen this all before
Things shouldn't have gone this far

We shouldn't have gotten so close
What made me believe?
It was you who made me forget all i had known
Everyting i looked into your eyes
And it was me who decided to give up my heart and
run away
Today is gone
Tomorrow's mine but im still alone
Im still alone
Im still alone
Im still alone
Im still alone
Im still alone without you
