The day was old, the light was dim
As I stepped through the door And all my friends were
gathering
That day that I recall I shivered and shook, Lord I stood
Just waiting to chase the fall I wondered how my time
would be
When spring comes round, once more I face the wind, I
have no choice
But you must guard the heart And cast adrift from
those I love
Alone I drag my heart Against the cry of why
I turn my back to go But out beyond the tears
somewhere
Someone, I need to know It's only love, in the colours of
the shade
It's only love-ove, in the colours of the shade All in
shades, ah, it's only love
Old photographs were fading dim My seed will tell it all
Oh by the Fathers Fathers have Such pain, on ...

They read the signs without surprise Of how they knew
it well
And in the mirror still I see The man, who came from
hell
It's only love, and the colours of the shade It's only
love, in the colours of the shade
It's only love, in the colours of the shade They say, they
say, they say
It's only love, it's only love
