Please, don't you do it to me no more
And don't you do it to me, I wouldn't do it to you
And don't you do it to me, the feelings on it
As I lie sleeping with burning desire
Trying to be nice, all in keeping lighting up my fire

Oh, she's so professional, she's so professional
She's just as cool as ice and every time she smiles
She is so professional, so professional, she's so
professional
Mmm, she takes it cool as ice every time she smiles

You know her smiles are nice, she needs a confidante
You tell her you're the one with the mouth that smiles
And then she has to leave
Never satisfied as I light up my fire

She is, so professional, so professional
Wouldn't do it to you, so don't you do it to me
Mmm, playing with me like you do, it's okay
Oh, you only want me when you want to

But it's alright, hmm, about time I got an answer I'll pay
Now I finally, finally lost my reason, tonight
I wouldn't do it to you, so why you do it to me?
I wouldn't do it to you

Paying the price and love is cheaper
I'm not the only fire, sugar and spice
A choice of sweetenin' tasten' to acquire

Oh, she's so professional, so professional
She takes a change of grace, it's just a change of way
She is, she, she, mmm, playing with me like you do, it's
okay
Oh, you only want me when you want to, but it's alright

Mmm, now, mmm, now, about time I got my answer I
pay
Now I finally, finally lost my reason, tonight
Mmm, I wouldn't do it

You twist me this way and that way
And I don't know which way that you wanna go
Come on, babe, what you want me to do?
Come on, baby, don't you be untrue, yeah

Been loving you far too long
I don't know where my love has gone
Ain't paying the price no more
I ain't a paying the price no more

You're the only, only, only, only, only, only, only girl in
my dreams
I love you, I been lonely, lonely, lonely, lonely, lonely so
long now
I been waiting for you, ha, ha, do you remember me
baby?
Remember me baby, mm, yeah, I'm gonna love you
Little girl, I love you, little girl, I love you, I love you so
hard, oh

Shake for me, shake for me, shake for me
Shake for me, shake for me, shake for me
Shake for me, shake for me, shake for me, yeah
Shake for me, shake for me, shake for me
Shake for me, shake for me, shake for me, yeah
