walk around my life
keep your money in your hand
look out where you're heading mamma
don't go running blind
shine lights and strut it out
keep your ear right to the ground
watch out for the strange cats
when the strange cats come around

mmm pretty little girl with a red dress on
pretty little girl shakin down

keep your eyes wide open
hold your head up high
you are not a stranger here
so much changes inside
hold your hand to hold you (?)
she would lend a helping hand
do not turn your back on the lady
when the lady comes around

mmm pretty little girl with a red dress on
pretty little girl shakin down

now now now now
some would say that love is blind
i blame it on the moon
some people say that love's unkind
they find it out of tune
mamma mamma mamma let's keep on dancing
through
baby baby baby i'm dancing through for you

uh

pretty little girl with a red dress on
pretty pretty pretty little girl
shakin down

ooh ooh
dance down main street
if it's safe to the stroll

you have time to look around
saw a dame in the hole (?)
no one cares about the fool
worth the fine of gold
his only chance to plan
when satan buys his soul

mmm pretty little girl with a red dress on
pretty little girl shakin down
ah ha

pretty little pretty little pretty little girl (x 4)
mmm hmmm
oh ah oh yeah
ooh ho ooh pretty little girl
mamamama pretty little pretty little girl
yeah yeah yeah yeah
