Don't bring me fresh horses, let me ride the wild beat  
Women in houses, I can't deal with their heat  
If this is salvation, I'm not sure if it's theirs anymore

Reveal me treasures, my loan to ye own  
I'm not quite sure  
Maybe baby, just a little misinformed  
It's funny, honey, I can swear that I've seen it before  
I don't know why, I don't know why

Ten men standing with their backs to the wall  
Shrink from the knowledge, they throw gold in a hole  
What's really sad, you know, they don't mind at all

Don't give me gestures, you don't know what they  
mean  
Same old expressions, same familiar old themes  
Your body's talking, I can swear that I've heard it all  
before

"I don't know why you lied, I don't know why you lied  
I don't know, I don't know, I don't know why", she said  
"I don't know why you lied, I don't know why you lied  
I don't know, I don't know, I don't know why"

You know when the deal goes down  
It's time to leave and you're on your own  
I will walk with you in my very heart, you'll find a home

She said, "Maybe you will"  
I said, "Maybe I will, maybe I won't, with me, I won't"  
She said, "Maybe you will"  
I said, "Whatever you do is whatever you do  
Whatever you do is whatever you do  
Whatever you do, whatever you do"

And she said  
"Come let me ride, come let me ride the wild beast  
Come let me ride, come let me ride the wild beast"
