This is the land where I live
Paint it all over golden
Take a little sunshine
Spread it all around

This is the love that I give
These are the arms for the holding
Turn on your love light
Shine it all around
Turn on your love light
Shine it all around

Oh, shine it all around
Oh, shine it all around

These are the times of my life
Bright, strong and golden
This is the way that I choose
When the deal goes down

This is the world that I love
Painted all over troubled
Take a little sunshine
Shine it all around

Send a little sign now
Spread it all around now
Shine it all around now
When the deal goes down now

Oh, shine it all around

This is the heart of the man
This is the heart of the matter
Break a little bread now
Spread it all around
Come on, make a little bread now
All around

Oh, shine it all around
Oh, shine it all around

Oh, shine it all around
Oh, shine it all around

Send a little sign now
Spread it all around now
Shine it all around now
When the deal goes down now

Send a little sign now
Spread it all around now
Shine it all around now
When the deal goes down now

Send a little sign now
Spread it all around now
Shine it all around now
When the deal goes down now
