Slow, slow dancer, ooh, no hands for you  
New moves to see  
Oh, fast talker in dark [Incomprehensible] , for you  
New words to hear

Oh, sly glances I half chance for you  
The eye that sees

And the sun slips from the day  
And the coolness brings relief  
There's no torment 'neath the stars  
In the stillness of the night

When the swirling has to cease  
Behind the safety of the veil  
Ooh, yeah

Now, in high places, darkened faces  
So indifferent, in days to be

Oh, lost race, no loser, only winners  
Return to seeb  
New order can't be altered when the eyes  
Refuse to see

And the sun slips the day  
And the coolness brings relief  
There's no torment 'neath the stars  
In the stillness of the night

When the swirling has to cease  
Behind the safety of the veil

Ah, ah, ah

Now, now, now, now  
Soft, soft spoken, never could be broken, awaiting  
The dawn light with me  
Slow burning, school of learning, [Incomprehensible]  
Builds down on me

Hearts leaping, hopes been reaching

To the heights, to the heights  
These signs to see

Oh, baby  
I should say now, baby, baby, baby  
In the darkness  
Oh, Lord, so good  
Oh, Lord, so fine

In the darkness, in the darkness  
Yes, yes, yes, yes  
(Ah, ah, ah, ah)  
Don't you wanna go?  
(Ah, ah, ah, ah)

No, no, no, no, no  
Don't you wanna go?  
Don't you wanna go?  
(Ah, ah, ah, ah)

Feels good, oh, yes  
Please, please, please  
So good, so good, so good, my baby
