It's in the elevator, you can hear it in the hall  
It's where you didn't want it, it's comin' through the wall  
Sneakin' in the bathroom, powdering your nose  
Creeping in the Johnny when you thought it didn't know

'Cause you're too loud, too loud, too loud  
Yes you're too loud, too loud, too loud

Smile across the front page, watch the cover spread  
Vanity's the video, an epic in your bed  
Coke files, profiles, Johnny's in a spin  
In the name of entertainment on the show that never  
ends

'Cause you're too loud, too loud, too loud  
Yes you're too loud, too loud, too loud

Ha ha ha ha ha ha ha ha ha ha ha ha ha ha haa  
Ha ha ha ha ha ha ha ha ha ha ha ha ha ha haa

Talk to them, Victor  
This time, that's right now  
Hold tightly

Hold tightly, that's right now  
That's right now  
Ha ha ha ha

Staring at the ceilin', tired of countin' sheep  
Alone with indiscretion it's impossible to sleep  
Rings on your fingers, bells on your toes  
You're never there without it if you're ever there at all

'Cause you too loud, too loud, too loud  
You know what?  
Yes you're too loud, too loud, too loud  
(Ha ha ha ha ha ha ha ha ha ha ha ha haa)  
That's right now

Okay, okay  
There's much consideration for the Athenian religion  
Has been given to this whole project

That can be interchanged by the entire record buying  
public

It is not quite inconceivable that it has absolutely  
nothing  
Absolutely nothing to do with this, sorry  
Absolutely nothing to do with anything at all to do with  
this  
Talk to me Victor, talk to me Victor
