Oh, take the whiskey from my glass and run  
Yes, take the whiskey from my glass and run  
Take the love from my heart - take it all now  
You tear it up and tear it apart  
Oh, take the whiskey from my glass and run

Oh, you broke my heart and gone  
Yeah, you broke my heart and gone  
You tore it up - you tore it down  
Little bitty pieces on the ground  
Yeah, broke my heart and run  
Oh yeah

Oh, take this chain from my heart and run  
Yes, take these chains from my heart and run  
Take these chains from my heart - I can't explain  
How it can tear me apart if you call my name  
Oh, take the whiskey from my glass and run
