Hey did you hear about my mistakes
I never thought you'd see me looking down
And even though i made a mess of everything you
made for me
All along you were there
Waiting like you said you always would
Yeah you said you always would
We don't have to wait for anything at all
Now that i've learned this fool will never learn a thing
And i can't believe that you would send your love to me
Now even though i don't deserve it
Forgive me but i can't be everything you deserve
And i know it's too late to crawl back to you tonight
But there's a few things that i just need you to know
Like the way i felt when you were close
And how the stars exploded every time you are near
And all along you were there
Waiting like you said you always would
Yeah you said you always would
We don't have to wait for anything at all
Now that i've learned this fool will never learn a thing
And i can't believe that you would send your love to me
Now even though i don't deserve it
I am so far i couldn't see
That you make every day so sweet
All along you were there
Waiting by my side
All along you were there
Waiting by my side
We don't have to wait for anything at all
Now that i've learned this fool will never learn a thing
And i can't believe that you would send your love to me
Now even though i don't deserve it
Yeah you love me even though i don't deserve it
You love me even though i don't deserve it
