200 miles away from home  
200 miles beneath this lake is where my heart belongs  
But you don't care at all  
You wouldn't even smile if I were screaming as the  
water filled my lungs oh my lungs  
You demand to be chased for your love  
My desperate heart is far too weak to run for you this  
long  
But you don't care at all  
There's nothing I can do to draw you close to me  
Can you take this silence like a pill so I can breathe  
again  
I've been trying to ignore the best parts of you  
But I'm still hoping that I'll be with you  
somehow, somehow  
Please be home tonight  
I'll die if I don't get a chance to make this just right  
I'm sorry but I can't forget about the way I feel  
Every time you're here.  
What would it take for me to be with you  
I swear I'd rip my heart out if you said you'd be  
impressed, please be impressed  
I'd go so far to please you but I bet you wouldn't care at  
all  
oh at all  
Hopeless love please leave me  
This broken heart is far too weak to run for you this long  
Why don't you care at all?  
I'm dying for a place in your heart.  
Can you take this silence like a pill so I can breathe  
again  
I've been trying to ignore the best parts of you  
But I'm still hoping that I'll be with you somehow,  
somehow  
Please be home tonight  
I'll die if I don't get a chance to make this just right  
I'm sorry but I can't forget about the way I feel  
Every time you're here.  
Hopeless love, why did you carve your home in me?  
This broken heart is too weak to hold your weight  
And now I regret the day we met  
And help me forget your name.
