I'll pretend I'm deep asleep  
Before she burns the skin beneath my sleeves  
My sleeves  
She's not convinced, she's not convinced  
When I try to keep a straight face when we kiss  
When we kiss

"And no one comes to bed to sleep"  
You said, you said when you talk in your sleep, oh  
I want to run, I want to run  
But you've got the gun pointed right at me

Won't you believe me, oh  
Believe me tonight, oh oh oh  
You've got control but I don't mind

Call us out on our mistakes  
Call them all just fun and games  
We act and react all over again,  
But it's all the same  
And if you ever find yourself a mile,  
Or two away from my place  
Won't you stop for a while  
And kill me while I'm sleeping, love

I'm not afraid to make the same mistakes that you  
make, oh  
Come on, come on, don't keep me waiting  
I know, I know where this is going  
We fall apart without intentions  
But I can't deny that I didn't think ahead, oh  
You never mean to, you never mean to  
But you've got me tied so tightly to your wrists

Call us out on our mistakes  
Call them all just fun and games  
We act and react all over again,  
But it's all the same  
And if you ever find yourself a mile,  
Or two away from my place  
Won't you stop for a while  
And kill me while I'm sleeping, love

If you ever want some trouble  
But can't afford the alcohol  
I'll be here, I'll be here waiting  
I'll be here, waiting for you

Call us out on our mistakes  
Call them all just fun and games  
We act and react all over again,  
But it's all the same  
And if you ever find yourself a mile,  
Or two away from my place  
Won't you stop for a while  
And kill me while I'm sleeping, love
